

Welcome to the Kingston/Bayside LETS.

The Kingston/Bayside LETS is just beginning and we are looking for new members!

What is LETS?

LETS stands for Local Energy Trading System and is a worldwide community based organisation.

How does it work?

Instead of parting with your hard earned CASH, you exchange your skills... it's as simple as that! The Kingston/Bayside LETS program is a time based system which means that everybody's time is equal.

Here's an example.

Let's say you needed some help catering for a party, a resume updated or some gardening advice and you had to pay someone to do it. Instead, you would refer to your LETS Directory or contact your local LETS buddy to assist you to find someone available to do the work. It's that easy... In return, you offer your services to a LETS member at another time. Everybody has something they can offer.

Some of these services have been offered by LETS members...

Pet care, Dog Walking, Babysitting, Child Care, Transport, Cooking and catering, Gardening & Working Bees, Business help, Counselling, Financial Planning, Computer Advice and Training...

What could you offer?

Joining Kingston/Bayside LETS

Receive 2 hours of FREE services when you join Kingston/Bayside LETS.
